WELLNESS

BRAND STORY

When the seven Jacuzzi brothers emigrated from Italy to the United States, they had no idea that a pump they designed for orchards would revolutionise hydrotherapy in the home. And while the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness pioneered an industry.

ROMAN BATH
the first whirlpool bath
in the world

1960

First outdoor
Hot Tub range

1990

MYNIMA the first cabin
"plastic less"

2004

1956

Introducing the spa:
Candido Jacuzzi invented
the J-300® pump, the first
portable hydrotherapy
device to be applied to a
household bathtub

1970

First self-contained
family-size Hot Tub
is created

1993

J-DREAM the first shower
with steam bath

SASHA AND SASHA MI

“SHARING:
EVERYTHING COMES
FROM THIS WORD.”

ALBERTO APOSTOLI

SASHA - SASHA MI

design Alberto Apostoli

Uniqueness and exclusivity, modularity and limited space are the hallmarks of Sasha and Sasha Mi: true wellness centres where water, essences, heat, coloured lights and music stimulate body and soul.

Sasha: three-in-one wellness.

In its most complete version it consists of three modules: Sauna + Emotional Shower + Hammam. A true wellness centre in just over 8 square metres. The three modules can also be used on their own or in different combinations to obtain endless configurations, which are adaptable to all spaces. Sasha encapsulates professional wellness and transfers it to a private dimension.

Sasha Mi: A veritable domestic Spa in just 3 square metres.

Sasha Mi is the two-module version consisting of a sauna and hammam + emotional shower, a precious treasure chest made of wood, glass and steel, ideal for small spaces. Sasha Mi fits perfectly into a domestic setting or in a hotel suite and offers professional performance, combining the functions of personal hygiene with those of wellness and relaxation.

Transparency, clean lines and fine materials enhance the elegance of Sasha and Sasha Mi, available in White and Black to blend in perfectly with any furnishing style. Designed and produced in Italy, they can be installed in a short time to be immediately ready for use.

Cromodream® exploits the properties of colours, which stimulate and at the same time regulate our moods.

With the Cromodream® function, Sasha and Sasha Mi are bathed in coloured light, which can be either fixed or with colour sequences specially designed for sauna, shower and hammam treatments.

STEADY COLOURED LIGHTS

-  **WHITE.** Operates as light colour overseeing appliance functions.
-  **SKY BLUE.** Promotes relaxation and relieves stress, providing an appeasing effect on the central nervous system; suitable for relaxing, it additionally acts as a sleep adjuvant.
-  **ORANGE.** Gently increases blood pressure; it promotes vitality and has a "recharging" effect on those who are tired; it stimulates heavy breathing.
-  **YELLOW.** Helps with concentration and combats depressive moods; it helps mood and general well-being, encouraging happiness and enthusiasm.
-  **GREEN.** It promotes sleep and reduces irritability; the neutral energy it provides, encourages balance, providing serenity and inner peace.

COLOUR SEQUENCES

CROMODREAM®. This cycle allows you to experience the entire colour range - colours appear in complimentary fashion, merging from one colour to the next, providing complete satisfaction.

SAUNA: Biosauna treatment
HAMMAM: Tepidarium treatment
EMOTIONAL SHOWER: Thin rain

SUNLIGHT. Yellow, orange and white with short interspersions of sky blue and violet, reminiscent of the beneficial effects of solar light; yellow alternated with violet uplifts mood and improves general physical balance.

SAUNA: Roman Sauna treatment
HAMMAM: Hammam treatment
EMOTIONAL SHOWER: Tropical shower

RELAX. Formed of the following colours blue, orange, sky blue and white; this sequence relieves stress and encourages relaxation; the orange hue offers warmth in this sequence composed primarily of "cold" colours.

SAUNA: Roman Sauna treatment
HAMMAM: Calidarium treatment
EMOTIONAL SHOWER: Cold shower

SASHA

SASHA White
Sauna + Emotional shower + Hammam

**Features:**

- Internal control panel
- Cromodream® multicolor LED illumination

- Fountain
- Bench
- Alarm button
- Speakers for home sound system connection
- Limescale-prevention treatment programme

Optional:

- Sound system wireless
- External cladding

SASHA

design Alberto Apostoli

SAUNA

Intense warmth enabling the body to relax, catch the rhythm of the heart, and mark the passing of time at a slower pace. Transparency, modernity, the most precious type of solid wood, for a comprehensive wellness experience, no longer limited to small spaces, but rather more spacious, where you can socialise completely at ease.

EMOTIONAL SHOWER

Large glass windows define the space, letting light and colour through, allowing you to see from one space to the other. The environment has a luxurious design. The effects of the water flowing over the body accompany the healing gestures through three treatments.

HAMMAM

Just like in the best and finest spas: light with variable colours, bench, wall panelling and water fountain in Corian® white. The handheld fountain shower and the rain-effect shower head cool you off after the steam cycle or invite you to use the Hammam as a shower. Versatility is also wellbeing.

CHOOSE THE JUST EXPERIENCE FOR YOU

SAUNA

The natural warmth of wood welcomes the body in a completely natural environment, refined by the comfort of Cromodream® illumination.

Treatments:

Biosauna: temperature of 60°C - humidity of 30-35%

Roman sauna: temperature of 70-75°C - humidity of 20-25%

Finnish sauna: temperature of 90°C - humidity below 12%

EMOTIONAL SHOWER

With a simple touch of the finger it is possible to select the programs of the emotional shower combined with the color games to evoke the sensory sphere.

Treatments:

Cold shower: very fine spray mist, almost velvety, ideal for a cool or cold shower

Thin rain: rain-effect jet, with medium-sized droplets and cone-shaped spray

Tropical shower: stronger and more energetic jet with "massage" effect

Manual functions:

Showerhead: two "rainfall" jets, situated at the top of the shower unit, that stimulate the cardiovascular system, regulated so that they emit relatively cold water; they are ideal following a Finnish sauna, allowing you to enjoy a period of wellness

Waterfall: a direction-adjusted water jet that springs from the walls; providing a soft massaging effect on neck and back muscles

Shower: ideal for refreshing yourself and toning the skin and muscles

HAMMAM

A cloud of steam purifies in depth helping to eliminate toxins.

Treatments:

Tepidarium: temperature of 38°C – medium humidity

Hammam: temperature of 40°C - high humidity

Calidarium: temperature of 42°C - high humidity

SAUNA + EMOTIONAL SHOWER + HAMMAM

SAUNA

Solid wood, chromotherapy and set-up for cable radio: essences, colours and tunes that express wellbeing. The two benches, one of which is removable, the wooden pail and ladle, thermo-hygrometer, hourglass and touch controls, open up to the ritual and atmosphere of a real professional spa. In the heart of your home.

EMOTIONAL SHOWER

Double rain-effect shower head, water blade, emotional shower with 3 jets, spray mist and chromotherapy activated from a dedicated touch panel complete the prestigious cycle of the Jacuzzi® home wellness solution.

HAMMAM

Internal light with variable colours and fine furnishings, as in the best and finest spas. And in addition, all the versatility of the equipment, with handheld shower and rain-effect shower head to cool off after a steam cycle. Water as an elixir that melts away all tension.

CUSTOMER SERVICE AND ON-GOING COMMITMENT

- **Showroom**

When you have an idea of the Hot Tub model that will suit your needs, you can see the real thing at your nearest showroom.

Our experienced sales force will then take you through the purchase process and in many instances give you're the opportunity to try out Hot Tubs in demonstration areas.

For more information on the technical features of the products, please consult the website www.jacuzzi.com where you will find a list of authorised dealers you can contact.

- **Delivery**

Once you have selected the Hot Tub you can arrange for it to be delivered. This part of the process involves us scoping out the fitting area, the location of your home and the logistics of bringing the tub to you.

- **Fitting**

After the electrical work & level base have been completed, Jacuzzi® will send their expert fitter to connect the Hot Tub to its designated power source. They will then fill the tub to the right level and then demonstrate the correct way to use it.

- **Aftercare**

With the Hot Tub installed and being used at your leisure, it's good to know that Jacuzzi® is always on hand to deal with any questions, offer tips and recommend the best ways to keep your unit running smoothly.

- **Warranty**

All our Hot Tubs carry a standard 2 year warranty to provide you with superb peace of mind. The 2 year warranty is for EU countries only. For other markets please check with local retailer.

The descriptions and images of the products in this catalogue are only indicative and are not binding for the purposes of their use. Jacuzzi Europe reserves the right to make any changes to the products deemed appropriate at any time and without notice.
